

IBM Accessibility

Equal Access Toolkit:

Accessibility Checker Report

Current status

90%

Percentage of elements with no detected violations or items to review

This report summarizes automated tests and is generated by [IBM Equal Access Tools](#). You have to perform additional manual tests to complete accessibility assessments. Use the [IBM Equal Access Toolkit](#) to guide you.

Element Roles

6 3

/document[1]

Confirm Windows high contrast mode is supported when using CSS to include, position or alter non-decorative content [Learn more](#)

Verify color is not used as the only visual means of conveying information [Learn more](#)

Verify the CSS background image does not convey important information [Learn more](#)

Verify the CSS background image does not convey important information [Learn more](#)

The foreground text and its background color are both detected as #ffffff. Verify the text meets the WCAG AA requirements for minimum contrast [Learn more](#)

Verify <frame> content is accessible [Learn more](#)

Confirm the 'meta[name=viewport]' with " user-scalable=0" can be zoomed by user [Learn more](#)

Verify accessibility of the <canvas> element [Learn more](#)

The HTML attribute(s) "frameborder, scrolling" is deprecated for the <iframe> element in HTML 5 [Learn more](#)

1

/document[1]/banner[1]

Multiple elements with "banner" role do not have unique labels [Learn more](#)

1

/document[1]/banner[1]/banner[1]

Multiple elements with "banner" role do not have unique labels [Learn more](#)

1

/document[1]/banner[1]/list[1]/listitem[1]/link[1]

The foreground text and its background color are both detected as #ffffff. Verify the text meets the WCAG AA requirements for minimum contrast [Learn more](#)

1

/document[1]/banner[1]/list[1]/listitem[2]/link[1]

The foreground text and its background color are both detected as #ffffff. Verify the text meets the WCAG AA requirements for minimum contrast [Learn more](#)

1

/document[1]/contentinfo[1]

Multiple elements with "contentinfo" role do not have unique labels [Learn more](#)

1 2

/document[1]/contentinfo[1]/contentinfo[1]

 Multiple elements with "contentinfo" role do not have unique labels [Learn more](#)

 Confirm this text '2025 © Solidarietà Quadrifoglio Cooperativa Sociale' is used as a heading and if so, modify to use a heading element or role [Learn more](#)

 The foreground text and its background color are both detected as #737373. Verify the text meets the WCAG AA requirements for minimum contrast [Learn more](#)

^  1  1 /document[1]/contentinfo[1]/contentinfo[1]/combobox[1]

 Check the keyboard focus indicator is visible when using CSS declaration for 'border' or 'outline' [Learn more](#)

 Verify important background image information has a text alternative in system high contrast mode [Learn more](#)

^  1 /document[1]/contentinfo[1]/contentinfo[1]/combobox[1]/option[2]

 Verify the contrast ratio of the text against the lightest and the darkest colors of the background meets the WCAG AA minimum requirements for text of size 17px and weight of 400 [Learn more](#)

^  1 /document[1]/contentinfo[1]/contentinfo[1]/combobox[1]/option[3]

 Verify the contrast ratio of the text against the lightest and the darkest colors of the background meets the WCAG AA minimum requirements for text of size 17px and weight of 400 [Learn more](#)

^  1 /document[1]/contentinfo[1]/contentinfo[1]/combobox[1]/option[4]

 Verify the contrast ratio of the text against the lightest and the darkest colors of the background meets the WCAG AA minimum requirements for text of size 17px and weight of 400 [Learn more](#)

^  1 /document[1]/contentinfo[1]/contentinfo[1]/combobox[1]/option[5]

 Verify the contrast ratio of the text against the lightest and the darkest colors of the background meets the WCAG AA minimum requirements for text of size 17px and weight of 400 [Learn more](#)

^  1 /document[1]/contentinfo[1]/contentinfo[1]/combobox[1]/option[6]

 Verify the contrast ratio of the text against the lightest and the darkest colors of the background meets the WCAG AA minimum requirements for text of size 17px and weight of 400 [Learn more](#)

^  1 /document[1]/contentinfo[1]/contentinfo[1]/link[3]

 Inform the user when their input action will open a new window [Learn more](#)

^  1 /document[1]/contentinfo[1]/contentinfo[1]/link[4]

 Inform the user when their input action will open a new window [Learn more](#)

^	 1	/document[1]/contentinfo[1]/contentinfo[1]/link[6]
	 Inform the user when their input action will open a new window Learn more	
^	 1	/document[1]/contentinfo[1]/contentinfo[1]/list[1]/listitem[1]/link[1]
	 Undersized target "a" does not have sufficient spacing of 12 CSS pixels from another target "a" Learn more	
^	 1	/document[1]/contentinfo[1]/contentinfo[1]/list[1]/listitem[2]/link[1]
	 Ensure the overlapped target "a" meets a minimum target size or has sufficient spacing from the overlapping target "a" Learn more	
^	 1	/document[1]/contentinfo[1]/contentinfo[1]/list[1]/listitem[3]/link[1]
	 Ensure the overlapped target "a" meets a minimum target size or has sufficient spacing from the overlapping target "a" Learn more	
^	 1	/document[1]/contentinfo[1]/contentinfo[1]/list[1]/listitem[4]/link[1]
	 Ensure the overlapped target "a" meets a minimum target size or has sufficient spacing from the overlapping target "a" Learn more	
^	 1	/document[1]/contentinfo[1]/contentinfo[1]/list[1]/listitem[5]/link[1]
	 Ensure the overlapped target "a" meets a minimum target size or has sufficient spacing from the overlapping target "a" Learn more
